Star Kimya has been in the industry for more than 20 years and has an important place in Turkey in all fields of industrial cleaning. With their effective marketing and distribution capability, they have adopted the principle of being always with their customers.

CERTIFICATION

In our production facility, all products with ISO 9001, ISO 14001, ISO 10002 and OHSAS 18001 quality certificates are delivered to the consumer with a traceability number.

QUALITY CONTROL

All raw materials and packaging materials have to pass our quality control system before production is permitted.

By using the QR Code system with your smart phone, it is possible to get more detailed information about desired products, to access MSDS files and technical information forms and to order if wanted.
